

JOURNEY OF
SOVEREIGN

SOVEREIGN

LIKE NO OTHER

Vatika introduced the concept of Luxury apartments in Gurgaon with the Sovereign name in 2006. Sovereign (a series of apartments by Vatika) stands for the ultimate in luxury living.

The luxury at Sovereign, is that of space & design, and not over the top opulence. It is this practical luxury that many discerning clients appreciate, clients with taste and eye for quality, aesthetics & beauty. Savour the luxury of low density living, just a few apartments per core, expansive room sizes, high end construction specifications, lush landscape designed by internationally renowned designers, well manicured green areas, maintained common spaces, amenities and facilities that delight and improve the quality of life. All this with maintenance charges that are easy on the pocket.

The Sovereign Apartments had many firsts to its credit, like International design teams, larger rooms and new benchmarks in design and construction. They were the first apartments in Gurgaon to introduce central air conditioning.

Now Vatika brings you two more Sovereign projects, each surpassing the other in design, amenities, landscaping and of course Practical Luxury!

THE SOVEREIGN APARTMENTS

SETTING THE BENCH MARK

The Sovereign Apartments at Vatika City, Gurgaon, was a break-through concept, and combined luxurious fitting and specifications with outstanding design. Many features like central air-conditioning, modular kitchen and imported marble that high-end apartments now have, were first seen at The Sovereign Apartments.

Not surprisingly, the project attracted considerable attention and the architects, Studio u+a of New York, won several awards for it.

This legacy has been taken forward into two new residential projects that have the same high benchmarks as the original Sovereign Apartments. These are Sovereign Next in Vatika India Next and Sovereign Park in Vatika Express City.

These luxurious air-conditioned apartments even had climate-controlled common areas. Along with this a fully manned visitors lounge, beautiful landscaping and an advanced exclusive club made Sovereign a truly distinguished address.

The Sovereign Apartments easily became the first choice of the top professionals working with the best companies.

SOVEREIGN NEXT

GOING A NOTCH ABOVE

Sovereign Next is luxurious with space. These low-density apartments give a sense of spaciousness, privacy and good living like never before. The rooms are amply large, while preserving the sense of personal space. Fewer apartments per acre also ensure that more amenities are shared amongst select residents, while keeping the feeling of a well bonded community.

Designed by the renowned Studio u+a, New York, Sovereign Next is a 7.5 acre luxurious gated community at Vatika India Next. Elegant apartments overlook beautiful lawns and well-laid walkways. Sovereign Next has luxury built in every detail. Every space has been thoughtfully planned and every amenity conveniently located, making life at Sovereign Next a cherished experience.

THE ULTIMATE EXPERIENCE

Sovereign Park is the latest in Vatika's Sovereign line of luxury residences. And like its illustrious predecessors, Sovereign Park too is setting newer standards. The apartments are spacious and well-designed – so there is enough room for everything, while retaining the warmth of a home. The rooms are large, and airy; but not so big that they lose coziness.

The materials too have been chosen with care – keeping purpose in mind, rather than trendiness. The aesthetics are top-notch too, but not impractically intricate. And that's true luxury – something that is easy to enjoy, year after year.
